Terms of Assessment
<p>The scope of the evaluation is to verify compliance of the Company and subcontractors to the criteria within the Sarawak Timber Legality Verification System (STLVS) Principle 5 - Mill Operations and Principle 6 - Trade and Customs standards. Compliance is defined when the organization demonstrates that there is no non-compliance to any applicable criteria. Any non-compliance must be formally addressed in accordance to the STLVS auditing manual and prior to issuance of a GFS Audit Statement.</p>

Limitations of Assessment
<p>The information presented in this report is based on documentation and other information presented by the client and observations made during the site verification under the scope of assessment. GFS reporting of information presented by the client are taken as accurate, unless evaluated differently through the observations made during the assessment. All information presented in the report is accurate and complete to the best of knowledge of GFS.</p>

LEGAL VERIFICATION SERVICES

Sarawak Chain of Custody Standard Principles 5-6

Principle 5. Mill Operations

Criteria 5.1: Issuance / renewal of mill license and terms and conditions of operations		<input checked="" type="checkbox"/> Compliance	<input type="checkbox"/> Non-Compliance
5.1.1 All processing facilities shall hold valid mill licenses issued by STIDC or FDS as appropriate.			
Findings:		GAP #:	
5.1.2 The Company shall comply with mill license Terms and conditions including maintenance of log arrival records (Removal Passes & Log Specification Form (LSF) (for mills processing logs) and submission of Monthly Industrial Production Returns.			
Findings:		GAP #:	

Criterion 5.2. Material input and output		<input checked="" type="checkbox"/> Compliance	<input type="checkbox"/> Non-Compliance
5.2.1 The Company shall ensure that all logs received at or transported out from the mill are accompanied with a valid Removal Pass (Transit) and Log Specification Form (as required) that physically corresponds to the material being transported based on log number, species, quantity, volume and dimensions.			
FINDINGS:		GAP #:	
5.2.2 The Company shall ensure that the logs are inspected by HTSB to confirm material is acceptable under the STLVS upon arrival of each consignment.			
FINDINGS:		GAP #:	
5.2.3 The Company shall ensure that log arrival has been recorded that includes reference to STLVS Verified status (date of entry, species / species code, volume and log numbers) as per the Log Specification Form.			
FINDINGS:		GAP #:	
5.2.4 STLVS Verified logs and other STLVS raw material must be clearly identified and segregated from other material.			
FINDINGS:		GAP #:
